

Quality Circle Project - NCQCE-2024

Report

The School Student Quality Circle (SQC) PRISM recently undertook an insightful case study on the New National Education Policy (NEP) 2020. Our school team presented a project at Chennai chapter of the Quality Circle in Education showcasing a remarkable project on the theme "Implementation of NEP," which involved six dedicated students: Miss Tanvi Sree, Master Abhigyan, Master Adrish, Master Anvith, and Miss Sree Nayana. The project was skillfully guided by Mrs. P.P. Sudharani, the Facilitator, with Mrs. Vanita Reddy serving as the Executive Guide.

We are thrilled to announce that our school has been honored with the prestigious Platinum Award in the National Quality Circle. This accolade represents a significant achievement and a proud moment for our school community.
