

Clay Ganesha Awareness Rally

On 23rd August 2025, Bharatiya Vidya Bhavan's Public School organized a Clay Ganesha Awareness Rally in the BHEL campus. About 100 students from Classes VI, VII, and VIII enthusiastically participated in the programme coordinated by Mr. Ramulu, Scouts and guides Department.

The rally aimed to spread the message "Say No to POP, Use Eco-friendly Clay Ganesha", encouraging the community to adopt sustainable practices during Ganesh Chaturthi. Students carried placards with catchy slogans, raised eco-friendly chants, and explained to onlookers the harmful effects of Plaster of Paris (POP) idols on water bodies and aquatic life. They also emphasized the benefits of using clay idols that naturally dissolve in water without polluting the environment.

The programme was accompanied and guided by teachers Mrs. Mary Sarala, Mrs. Bharathi, Mrs. Maheshwari, Mrs. Sukanya, and Mr. Sandeep Reddy, whose support ensured the success of the event. The residents of BHEL Township appreciated the students' efforts, lauding them as young ambassadors of environmental conservation.

The rally not only spread awareness but also inspired the community to celebrate Ganesh Chaturthi in an eco-friendly and responsible manner.
