

A workshop on Transforming Learning Through Quality Assessment

A workshop on **Transformation and Quality Assessment Strategies** was conducted for the Primary School teachers on **10 June 2026**. The session was led by **Mrs. Ratnalekha shetty**, who

emphasized the importance of innovative teaching practices and effective assessment methods in enhancing student learning. Teachers were introduced to competency-based assessment, continuous evaluation, and learner-centred approaches that promote holistic development. The resource person highlighted the role of constructive feedback, critical thinking, and active classroom engagement in improving learning outcomes. The workshop was interactive and informative, inspiring teachers to adopt quality assessment practices and create meaningful learning experiences for their students.
